- **Additional Skills:** Problem Solving, REST APIs, Responsiveness, Agile Development, Version Control, Clean Code

## WORK EXPERIENCE

### Front-End Developer, Letese Legal Tech(<https://letese.co/>)

Sept 2024 - Present

- Developed and integrated role-based access control (RBAC) for Admin, RM/VRM, and End Users, enhancing security and user experience.
- Built scalable, responsive frontends from scratch using **Next.js**, **TypeScript**, and **Tailwind CSS**.
- Integrated **REST APIs** for real-time data flow and backend communication.
- Deployed containerized apps using AWS ECS Fargate, EC2, ECR, and IAM for cloud access management.
- Automated CI/CD pipelines with **GitHub Actions**, improving deployment speed and reducing manual errors.
- Built a dynamic legal template generation system with real-time user inputs.
- Collaborated with designers and PMs to deliver pixel-perfect, cross-browser UIs.
- Effectively communicated technical concepts to non-technical stakeholders.

### Full Stack Developer, Novative Solutions Pvt Ltd

Feb 2023 - Sept 2024

- **OAS36ty – CA & Legal Management Software (SaaS)**(<https://oas36ty.com/>):

Developed a feature-rich SaaS platform using Vue.js with modules for lead generation, client/task management, invoicing, proposals, accounting, bulk emails, and dynamic dashboards. Integrated email services and optimized workflows, boosting productivity by 40%.

- **Corporate Insolvency Claim Portal:**(<https://insolv-assist.oas36ty.com/>)

Enhanced Vue.js component communication and integrated REST APIs to improve app performance and feature delivery. Enabled seamless redirection from the OAS36TY app, increasing navigation efficiency by 25%.

- **HR Portal:**

Built an HR management system using React.js and Node.js, featuring modules for employee management, attendance, performance tracking, appraisals, and bonuses. Automated workflows improved HR efficiency by 40%.
